How We Started & Road Map

Artificial Intelligence is reshaping the world like never before. **AI** is now involved in almost everything and we thought it is time to revolutionize the **Fitness** industry with its marvel as well.

Although we may find many fitness platforms with AI touch but most of them lacked personalization and had many limitations. We don't claim to be perfect but by providing **hyper-personalization** & features like **posture correction alerts, relevant progress analytics, set counts, and accuracy percentage**, we want to reach next to perfection.

FitBuddy 24x7, as its name suggests, aims to become a **Personal Fitness Buddy** for its users who will be guiding & supporting them throughout their Fitness journey.

We aspire for a **Healthy & Fit India**.
